## 2013 SOCIAL CURRENCY

A mere 500 Magnums of Social Currency were bottled for this vintage. It is when we come together with the ones we love most, that we share life's currency of laughter and happiness and create those memories. Social Currency is meant to be the vehicle that facilitates those shared moments that will live on forever. When our time is done here, the money and material things are no more. The true riches are the friendships and moments spent with those we care for most.

### 2013 Notes:

"Intoxicating aromas of violet and fresh lavender set the tone for what is to come. Explosive blackberry and espresso aromas follow and transfer to the pallet effortlessly. There is a maple bacon component to this wine I've never experienced before and it's as unique as it is amazing. The texture of the wine never ceases to amaze and much like the Dakota Shy Wines, the tannins are lush, polished, and lingering for minutes after the first sip. We like to call it the "cashmere effect" and it's sure to not disappoint."

-Tom Garrett, Winemaker
