

Dakota Shy

2017 Social Currency

Classic but also utterly hedonistic aromatics of black currant, sweet tobacco and exotic spices. Luxurious, and concentrated in the mouth with an initial wave of plush texture pushing black berry, black cherry, cocoa and coriander flavors over a concentrated frame of silky tannin. Super long and multi-layered this is a fantastic blend of opulence and grace - true to Social Currency. Approachable now with decanting but has a long life ahead.
